「南関東地域直下の地震対策に関する大綱」の体系

The Structure of the "General Principles Relating to Countermeasures for Earthquakes Directly Below the Southern Kanto Region"

中央防災会議地震防災対策強化地域指定専門委員会報告

Report by the Central Disaster Prevention Council's Expert Committee for Areas under Intensified Measures Against Earthquake

- ・直下の地震発生の切迫性、予知困難性、震源域の非特定性、被災地域の局地性
- ・直下の地震の発生により著しい被害を生じるおそれのある地域の範囲(対象地域)

・防災施設等の整備(避難地、避難路、消防用施設等) *Developing disaster prevention facilities (evacuation sites, evacuation routes, facilities and equipment for fire-fighting, etc.) [Pre 地震に強い都市づくり ・都市防災構造化対策(不燃化、オープンスペース確保等) Promoting cities that can withstand •Promoting measures to give cities a disaster-proof structure (fire-proofing, the guarantee of open spaces, etc.) earthquakes ・地盤の液状化対策 •Promoting countermeasures against liquefaction of ground foundation 対象地域において講ずべ ・ライフライン機能確保対策 コンピュータバックアップ対策 •Promoting measures to secure lifeline functions •Promoting buck-up countermeasures for the computer systems 都市型地震災害の防止・軽減 ・被災建築物の2次災害防止対策 ・既存建築物の耐震対策 ·屋内収容物転倒防止対策 ・落下物防止、ブロック塀等安全化対策 of urban-type earthquake disasters ·地震火災防止対策 ·危険物施設等安全確保対策 Promoting measures to make existing structures earthquake-proof and countermeasures to prevent secondary disasters in damage-stricken structures
Promoting countermeasures to prevent falling objects, make block walls safe, and prevent objects stored indoors from falling
Promoting measures to guarantee safety and countermeasures to prevent earthquake-related fires such as in hazardous matter facilities 被害の防止 き地震防災対 ・高層ビル、地下街、ターミナル駅の防火安全対策、混乱防止対策 道路交通の混乱防止対策 ting fire prevention and safety countermeaures and measures to prevent disorder in places such as high-rise buildings, underground arcades, and terminal stations
•Promoting measures to prevent disorder in road traffic 策 4 (本大綱) ·医療機能確保対策 *Promoting measures to secure medicare functions · 災害弱者対策(高齢者、外国人等) •Promoting measures for those vulnerble to disasters (such as the elderly, foreigners, etc.) damago 初動期防災業務体制の充実強化(夜間、休日の初動体制) *Enhancing and strengthening systems of disaster prevention operations in initial mobilization periods 防災体制の充実強化 ・総合的な応急対策活動体制の充実強化 Enhancing and strengthening disaster prevention systems *Enhancing and strengthening comprehensive emergency countermeasure activity systems 相互応援体制の充実強化(関係都県市間等の応援・協力) *Enhancing and strengthening mutual support systems ・防災拠点の整備(立川、横浜、大宮等の広域防災拠点等整備) ·Promoting the development of disaster prevention bases ・災害情報・通信システム等の整備 •Promoting the development of disaster information and communication systems ・防災知識の普及 •Dissemination of knowledge on disaster prevention 防災意識の高揚 自主防災活動等の推進 ・自主防災組織の育成強化 ・防災ボランティアの活性化 Promoting the enhancement of the aware-•Cultivating and strengthening autonomous disaster prevention organizations •Activating disaster prevention volunteers ness of disaster prevention, autonomous disaster prevention activities, etc. ・企業の防災対策 Promoting disaster prevention countermeasures by private companies 震災訓練 · 総合訓練 ・地域の日常訓練 Implementing earthquake disaster drills Comprehensive earthquake disaster drills
 Daily drills taking regional characteristics into account

(発災後) (Following the occurrence of a disaster)

e prediction obser-

予知観測・研究

vation and research, etc.

【災害応急対策】 南関東地域震災応急対策活動要領(63年12月中央防災会議決定)

[Emergency disaster countermeasures]Outline of Emergency Countermeasure Activities against Earthquake Disaster in the Southern Kanto Region (decided by the Central Disaster Prevention Council in December 1988)

・深層観測井等の整備、予知手法の開発、基礎研究の推進、常時監視の充実等

•Promoting the development of methods for predicting earthquakes •Enhancing constant surveillance, etc.
